Table of Contents

CONTRACTOR INFORMATION

1a. Table of Awarded Special Item Number(s):

SIN	SIN Description
334512	Total Solution Support Products for Facilities Management Systems
611430ST	Security Training
541330L	Security System Integration, Design, Management, and Life Cycle Support
OLM	Order Level Materials (OLM)

1b. Identification of lowest price labor category and corresponding price for each awarded Special Item Number:

Special Item Number	Labor Category	GSA Price with IFF
334512	Law Enforcement Project Specialist I and Admin Support I	$45.02
611430ST	Law Enforcement Project Specialist I and Admin Support I	$45.02
541330L	Law Enforcement Project Specialist I and Admin Support I	$45.02

1c. **Hourly Rates (Services only):** See Individual Section by SIN for GDIT for Labor Category Descriptions.

2. MAXIMUM ORDER THRESHOLD: $250,000- SIN 334512 and 541330L

$1,000,000-SIN 611430ST

3. MINIMUM ORDER THRESHOLD: $100.00

4. GEOGRAPHIC COVERAGE: Domestic delivery

5. POINTS OF PRODUCTION: Fairfax, Virginia USA

6. DISCOUNT FROM LIST PRICES OR STATEMENT OF NET PRICE: GSA Net prices can be found in Pricing Matrixes (below). Negotiated discounts have been applied and the Industrial Funding Fee has been added.

7. QUANTITY DISCOUNTS: Not Applicable

8. PROMPT PAYMENT TERMS: Net 30 days

9a. **GOVERNMENT PURCHASE CARDS SHALL BE ACCEPTED AT OR BELOW THE MICROPURCHASE THRESHOLD**

9b. GOVERNMENT PURCHASE CARDS MAY BE ACCEPTED ABOVE THE MICROPURCHASE THRESHOLD: Will be determined on a procurement-by-procurement basis.

10. FOREIGN ITEMS: Not Applicable

11a. **TIME OF DELIVERY**: Negotiated with the Ordering Agency at the Task Order level.

11b. EXPEDITED DELIVERY: Negotiated with the Ordering Agency at the Task Order level.

11c. OVERNIGHT AND 2-DAY DELIVERY: Contact the Contractor for Overnight and 2-day rates.

11d. URGENT REQUIREMENTS: Customers are encouraged to contact the Contractor for the purpose of requesting accelerated delivery.

12. FOB POINT: Destination

13a. **ORDERING ADDRESS**:　　　General Dynamics Information Technology, Inc.
　　　　　　　　　　　　　　　　3150 Fairview Park Dr., STE 100
　　　　　　　　　　　　　　　　Falls Church, VA 22042-4504

  For ALL SINs: Ms. Lea Anderegg

　　　　　　　　　　　　　　　　General Dynamics Information Technology, Inc.
　　　　　　　　　　　　　　　　GWACS/GSA Schedules - GWAC Center
　　　　　　　　　　　　　　　　Tele: 571-533-3215
　　　　　　　　　　　　　　　　GDITGSA@GDIT.com

13b. ORDERING PROCEDURES: Ordering Activities shall use the ordering procedures described in Federal Acquisition Regulation (FAR) 8.405-3 when placing an order or establishing a BPA for supplies or services.

14. PAYMENT ADDRESS:　　　General Dynamics Information Technology, Inc.
　　　　　　　　　　　　　　　　PNC Bank, N.A.
　　　　　　　　　　　　　　　　P.O. Box 643014
　　　　　　　　　　　　　　　　Pittsburgh, PA 15264-3014

15. WARRANTY PROVISION: Contractor's Best Effort for all Professional Services.

16. EXPORT PACKING CHARGES: Not applicable

17. TERMS AND CONDITIONS OF GOVERNMENT PURCHASE CARD ACCEPTANCE: Not Applicable

18. TERMS AND CONDITIONS OF RENTAL, MAINTENANCE, AND REPAIR (IF APPLICABLE): Not Applicable

19. TERMS AND CONDITIONS OF INSTALLATION: Not Applicable

20. TERMS AND CONDITIONS OF REPAIR PARTS INDICATING DATE OF PARTS PRICE LISTS AND ANY DISCOUNTS FROM LIST PRICES (IF AVAILABLE): Not Applicable

20a. **TERMS AND CONDITIONS FOR ANY OTHER SERVICES (IF APPLICABLE):** Not Applicable

21. LIST OF SERVICE AND DISTRIBUTION POINTS (IF APPLICABLE): Not Applicable

22. LIST OF PARTICIPATING DEALERS (IF APPLICABLE): Not Applicable

23. PREVENTIVE MAINTENANCE (If Applicable): Not Applicable

24a. SPECIAL ATTRIBUTES SUCH AS ENVIRONMENTAL ATTRIBUTES (e.g., recycled content, energy efficiency, and/or reduced pollutants): Not Applicable

24b. IF APPLICABLE, INDICATE THAT SECTION 508 COMPLIANCE INFORMATION IS AVAILALE ON ELECTRONIC AD INFORMATION TECHNOLOGY (EIT) SUPPLIES AND SERVICES AND SHOW WHERE FULL DETALS CAN BE FOUND (e.g. contactor's website or other location.) The EIT standards can be found at: www.Section508.gov/.

25. UNIQUE ENTITY IDENTIFICATION Number: SMNWM6HN79X5

26. NOTIFICATION REGARDING REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (SAM) DATABASE: Contractor has a current registration in SAM

SINs 334512, 541330L, 611430ST - Labor Category Requirements and Descriptions

Services provided under SINs will include Security Consulting, Training and Facility Management Consulting.

** The Service Contract Act (SCLS) is applicable to this contract and it includes SCA applicable labor categories. Resumes shall be provided to the GSA Contracting Officer or user Agency upon request.

Education/Experience Substitutions

The following presents the allowable substitutions based on education and experience:

Four (4) years' experience (in addition to minimum experience requirements) may be substituted for a Bachelors' degree.

Two (2) years' experience (in addition to minimum experience requirements and Bachelors' degree) may be substituted for a Masters' degree.

Two (2) years' experience (in addition to minimum requirements and Masters' degree) may be substituted for a Ph.D.

For categories where a Bachelors' degree is required, a Masters' degree may be substituted for two (2) years' experience; or a doctoral degree may be substituted for three (3) years' experience.

SIN 334512, 541330L, 611430ST - LABOR CATEGORY DESCRIPTIONS

Purchasing and Materials Coordinator

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience.

Functional Responsibility: Directs and coordinates activities of personnel engaged in purchasing and distributing equipment.

Approved Substitutions	
Education	**Experience**
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Logistics Manager

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience.

Functional Responsibility: Directs and coordinates program activities to provide logistics technology for manufacturing or service of products, systems or equipment.

Approved Substitutions	
Education	**Experience**
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

SR Training Specialist/Instructor

Minimum Education/General Experience: Bachelor's degree and five years of experience in the design, development, testing, and implementation of computer-based training programs. Also requires thorough knowledge of the principles, methods, and techniques used in the design, development, testing, and implementation of computer-based training programs; knowledge of relevant hardware/software and computer equipment as required. Must be able to present training programs and evaluate effectiveness of training and serve as a team or task lead.

Functional Responsibility: Defines training requirements and analyzes system software changes; develops computer- based training objectives and methodologies; coordinates with subject matter experts to design training strategy; designs courseware, including structuring training classes; creates lesson text; provides

documentation for software training; tests training programs and edits for effectiveness, creates final version; designs program authoring systems; presents training programs to users, validates and evaluates training effectiveness; designs program flowcharts; may develop multi-media training as required; conducts research into new training, educational, and multimedia technologies; may serve as a team or task lead.

Approved Substitutions	
Education	Experience
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Senior Field Engineer

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience.

Functional Responsibility: Supervises field employees assigned to a particular installation by evaluating solutions, identifying potential field problems, referring them to Senior Engineers or Project Managers. Provides technical engineering information and interpretation of blueprints, plans, detail sheets, and specifications.

Approved Substitutions	
Education	Experience
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Systems Design Engineer

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience.

Functional Responsibility: Directs and coordinates program activities to provide logistics technology for manufacturing or service of products, systems, or equipment. Directs and coordinates all activities necessary to complete a major project or several small projects to specification and on schedule, implementing and enforcing established standards and technologies.

Approved Substitutions	
Education	Experience
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Senior Engineer

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience.

10

Functional Responsibility: Directs and coordinates program activities to provide logistics technology for manufacturing or service of products, systems, or equipment. Performs as technical task leader on large-scale programs at the system and subsystem level. Responsible for the technical execution of tasking at the system and subsystem level. Works independently with little to no supervision on engineering tasks. Performs as Technical Director on project level contracts. Performs engineering tasking as a member of a technical team. Is responsible for specific work packages within a technical team.

Approved Substitutions	
Education	Experience
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Project Manager/Task Lead

Minimum Education/General Experience: Bachelor's degree and five years of general experience including five years of specialized experience of which two years were direct supervisory experience.

Functional Responsibility: Provides electronic security consulting services. Working knowledge of physical security systems to include access control, video surveillance, intrusion detection, and emergency communication solutions. Monitors each task, keeps the Program Manager abreast of all problems and accomplishments. Anticipates problems and works to mitigate the anticipated problems. As a team or project leader, provides technical direction for the complete systems development effort. May serve as a technical authority for a design area. Can complete tasks within estimated time frames and budget constraints. Schedules and assigns duties to subordinates. Interacts with government management personnel. Reports in writing and orally to contractor management and government representatives, including the government contracting officer.

Approved Substitutions	
Education	Experience
AA/AS	9 years
MA/MS	3 years
Doctorate Degree/Ph.D.	0 years

Program Manager

Minimum Education/General Experience: Bachelor's degree and eight years of experience, of which six years must be specialized. Plans, directs, and coordinates activities of staff involved in developing procedures, equipment, and techniques to solve problems. Schedules and assigns duties to engineering and technical staff based on evaluation of their knowledge of specific disciplines. Specialized experience includes complete engineering project development from inception to deployment, demonstrated ability to provide guidance and direction in the tasks similar to the sample tasks provided in the statement of work, proven expertise in the management and control of funds and resources, demonstrated capability in managing multi-task contracts of this type and complexity.

General experience includes increasing responsibilities in information systems design and management.

Functional Responsibility: Serves as the Contract Manager and shall be the contractor's authorized interface with the Government Contracting Officer (CO), the Contracting Officer's Representative (COR), government management personnel and customer agency representatives. Responsible for formulating and enforcing work standards, assigning contractor schedules, reviewing work discrepancies, supervising contractor personnel, and communicating policies, purposes, and goals of the organization to subordinates. Shall be responsible for the overall contract performance. Ability to manage and ensure the successful completion multiple technical tasks in assigned program(s).

Approved Substitutions	
Education	Experience
AA/AS	12 years
MA/MS	6 years
Doctorate Degree/Ph.D.	3 years

Sr. Program Manager

Minimum Education/General Experience: Bachelor's degree and ten years of experience, of which five years must be supervisory experience. Must have the ability to manage and ensure the successful completion of multiple technical tasks in assigned program(s). Must have the ability to recruit, hire, manage, supervise, train, schedule, coordinate, and evaluate staff as assigned.

Functional Responsibility: Responsible for program planning, risk management, business development, new and emergent technology procurement, overall systems management, and staff supervision. Directs daily staff and task activities to meet client and corporate work objectives. Supervises assigned technical and administrative staff, including subordinate managers. Assures quality of task products, services, and deliverables, including participating in reviews, audits, and site visits. Serves as a liaison with clients to coordinate activities, negotiate tasks, and solve problems. Responsible for coordinating and monitoring subcontractor activities.

Approved Substitutions	
Education	Experience
AA/AS	14 years
MA/MS	8 years
Doctorate Degree/Ph.D.	6 years

Subject Matter Expert (SME) Consultant

Minimum Education/General Experience: Bachelor's degree and ten years of experience, including eight years of specialized experience in the specified field of expertise.

Functional Responsibility: Provides comprehensive security reviews and assessments; defines requirements, evaluates, and recommends physical security measures to cost-effectively accomplish

objectives. Provide expert, independent services and leadership in specialized technical areas. Provides expertise on an as-needed basis to all task assignments. Coordinates with contractor management and Government personnel to ensure that the problem has been properly defined and that the solution will satisfy the Government's requirement.

Approved Substitutions	
Education	Experience
AA/AS	14 years
MA/MS	8 years
Doctorate Degree/Ph.D.	6 years

Quality Assurance Specialist

Minimum Education/General Experience: Bachelor's degree and two years of specialized experience. Specialized experience includes: Configuration Management, IV&V, software testing and integration, software metrics and their application to software quality assessment. General experience includes increasing responsibilities in quality assurance, quality control and IV&V.

Functional Responsibility: Assists in the evaluation of software and associated documentation. Participates in formal and informal reviews to determine quality; presents IV&V results and troubleshoots technical problems; makes recommendations to improve overall quality.

Approved Substitutions	
Education	Experience
AA/AS	6 years
MA/MS	0 years
Doctorate Degree/Ph.D.	0 years

Sr. Project Manager/ Task Manager

Functional Responsibility: Develops and implements projects for law enforcement, homeland defense, emergency preparedness, and security clients and serves as a single point of contact for managing all tasks/subtasks. Guides projects from the original concept through final implementation. Defines project scope and objectives, including developing detailed work plans, day-to-day management direction, schedules, project estimates, resource plans, status reports, and project tracking and analysis. Conducts project meetings and ensures quality standards. Provides advanced technical and strategic guidance to multiple project teams and oversees project deliverables.

Minimum Education/General Experience: Bachelor's Degree and 10 years of relevant experience.

Approved Substitutions	
Education	Experience
AA/AS	14 years
MA/MS	8 years
Doctorate Degree/Ph.D.	7 years

Security - Intelligence Analyst Level I-IV

Functional Responsibility: Applies management analysis processes, statistical methods, and advanced technical and analytical research techniques to develop security solutions and strategies based on client requirements with a law enforcement, professional security, or emergency preparedness services-based scope. Analyzes operational activities to obtain a quantitative basis for decision making and resource allocation.

Generates functional area strategies for enhanced operations in a cross-functional area mode throughout the organization. Employs process improvements and reengineering methodologies and principles for modernization of systems and projects. Creates project plans to achieve performance-based objectives, enhancing implementation, systems, and service. Provides integral support in research and development, organizational and vulnerability assessments, intelligence and threat analysis, mission requirements determination, policy and procedures development, concept definition design, testing, integration verification and validation, documentation, implementation, and operations and maintenance. Works closely with stakeholders to determine requirements and ensure compliancy with exceptions.

Minimum Education/Experience Qualifications:

Level I: Bachelor's Degree and 0 years of relevant experience

Enterprise Law Enforcement Cyber Security Information Assurance Engineer I-V

Functional Responsibility: Responsible for applying information assurance expertise and knowledge to either network and/or enterprise security. Is familiar with and able to apply "best practice" security methodologies. Functional expertise in one or more information assurance technologies or capabilities

such as Vulnerability/Threat Assessments, Network Intrusion Detection, Secure Operations, Firewall Design & Deployment, Public Key Encryption, Virtual Private Networks, etc. Interfaces with all necessary levels of management and staff regarding Information Assurance services. Keeps aware of local, national, and international trends and developments of information security and relates them to the needs of the client.

Minimum Education/Experience Qualifications

Level I: Minimum/General Experience: Zero years of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection.

Level II: Minimum/General Experience: One year of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection.

Level III: Minimum/General Experience: Four years of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection. At least one of the years of experience shall be in a lead security design or technical task/program leadership position.

Level IV: Minimum/General Experience: Seven years of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection. At least three years of experience shall be in a lead security design or technical task/program leadership position.

Enterprise Information Assurance Engineer I-II

Functional Responsibility: Responsible for applying information assurance expertise and knowledge to either network and/or enterprise security. Is familiar with and able to apply "best practice" security

methodologies. Functional expertise in one or more information assurance technologies or capabilities such as Vulnerability/Threat Assessments, Network Intrusion Detection, Secure Operations, Firewall Design & Deployment, Public Key Encryption, Virtual Private Networks, etc. Interfaces with all necessary levels of management and staff regarding Information Assurance services. Keeps aware of local, national, and international trends and developments of information security and relates them to the needs of the client.

Minimum Education/Experience Qualifications

Level I: Minimum/General Experience: Zero years of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection.

Level II: Minimum/General Experience: One year of information assurance services experience. Experience shall be in a related security technology or discipline such as security assessments (planning & compliance, architecture, audits, risk & vulnerability identification), creating and implementing security concepts and policy, encryption technology, firewall technology, or information protection.

Certification and Accreditation (C&A) Engineer

Functional Responsibility: Responsible for executing the full lifecycle of C&A activities including defining the certification boundary, performing formal and technical risk assessments, developing and executing Security Test and Evaluation (ST&E) requirements, and developing Systems Security Plans (SSP), and/or Systems Security Authorization Agreements (SSAA) in accordance with federal and industry directives, guidelines, and best practices.

Minimum Education/Experience Qualifications: Bachelor's Degree and three years of Certification and Accreditation experience. Experience shall be in performing C&A services for general support systems and/or major applications. Experience should include familiarity with at least one of the following directives/guidelines: DITSCAP/DIACAP, NIST 800 Series, and/or DCID 6/3.

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix table. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).

SIN 334512 - GangNet® Product

GangNet® is an award winning, browser-based investigative, analytical, and statistical resource for recording and tracking gang members and their activities. The most widely deployed gang information sharing system, GangNet® aids in the identification, location and apprehension of gang members engaged in criminal activity, including members of street, prison, and outlaw motorcycle gangs. Through a simple user interface, officers are now able to work gang-related crimes by making use of the limited case management feature. These features allow agencies to collect gang member information, including individual biographical data such as age, height, weight, hair color, eye color and specific marking or tattoos. The GangNet system also allows for compiling data that links gang members to vehicles, addresses, field interviews, and affiliates. In addition, the system collects such data on the gangs as "Aka's" and any symbols they use. Users can quickly generate gang rosters, as well as statistical reports with the click of a mouse. The GangNet system also provides a resource for officers to collaborate and share their expertise and as well as find others with a particular court certified gang knowledge. The system will continue to aid in the identification, location and apprehension of individuals or gangs engaged in criminal activity.

---

[1] The GJXDM Bridge is an optional module that can be added to the GangNet® application in order to help reduce redundant data entry. Users often enter data into an agency specific application (such as agency Case Management or Records Management System) and then the same data is re-entered into GangNet. The Bridge module is designed as a web service that

Note 1: Maintenance - Entitles the Licensee to interim releases and updates made generally commercially available during the applicable maintenance period.   Unless otherwise agreed to by SRA, all maintenance shall be provided for a period of twelve consecutive months from the implementation of the client system. Maintenance is provided at no additional cost for the first 12 months from the Implementation date* of the GangNet System. Thereafter a fee of 20% of the total license cost (Server and User, based on then-current license costs) will be assessed on an annual basis.   Maintenance may be purchased to a maximum period of three years at the time of any contract or contract extension, and automatically renews for one (1) year periods unless otherwise agreed.

 Note 2: Distribution Restrictions- Entities who purchase a license for GangNet are restricted from reselling or GFE GangNet services to other jurisdictions or clients.

SIN 334512- Task Force Investigations Product

Investigations is a web-based investigative tool combining an intelligence database with comprehensive tracking and analytical capabilities. This feature-rich tool comprises an intelligence management system (IMS) along with optional modules.

Investigations provides analytical tools to help the user discover and analyze trends and hidden relationships, including built-in statistical reports, custom ad hoc query reports, text lookup and cross-correlation matrix searching. Investigations is designed to be used by law enforcement, security and other investigative agencies who need to collect and analyze multiple data elements to work a case through completion.

SIN OLM- Order-Level Materials

Order-Level Materials (OLMs) are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA.

OLMs are only authorized for inclusion at the order level under a Time and-Materials (T&M) or Labor-Hour (LH) Contract Line-Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs (separate from those under ODC SINs), and indirect costs. OLMs are purchased under the authority of the

FSS Program and are not "open market items." Items awarded under ancillary supplies/services or other direct cost (ODC) SINs are not OLMs.

These items are defined, priced, and awarded at the FSS contract level, whereas OLMs are unknown before an order is placed.
Ancillary supplies/services and ODC SINs are for use under all order type CLINs (Fixed-Price (FP), T&M, and LH), whereas the Order-Level Materials SIN is only authorized for use under T&M and LH order CLINs.

The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN. Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs. OLMs are defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 *Special Ordering Procedures for the Acquisition of Order-Level Materials.*

Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF). The cumulative value of OLMs in an individual task or delivery order cannot exceed 33.33% of the total value of the order.

a.) See clauses 552.212-4 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (OCT 2018) (DEVIATION - FEB 2018) (ALTERNATE I - JAN 2017) (DEVIATION - FEB 2007) and 552.238-115 *Special Ordering Procedures for the Acquisition of Order-Level Materials* (May 2019) (APR 2022) for additional information on inclusion of OLMs in task and delivery orders placed against an FSS contract or BPA.

b.) OLMs are only authorized for inclusion at the order level under a T&M or LH **CLIN and are subject to an NTE ceiling price.**

c.) The Order-Level Materials SIN contains no items or pricing, since by definition OLMs are *unknown* at the time of FSS contract award. The ordering activity contracting officer is responsible for defining OLMs and determining proposed OLM pricing fair and reasonable for a particular order.

d.) OLMs are purchased under the authority of the FSS Program and are not "open market items." e.) Items awarded under ancillary supplies/services and other direct cost (ODC) SINs are not Order-Level Materials. This SINs are reserved for items that can be defined and priced up front at the FSS contract level.

e.) The Order-Level Materials SIN cannot be the only SIN awarded on a contract. The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN.

f.) The Order-Level Materials SIN is exempt from *Commercial Sales Practices* disclosure requirements.

g.) The Order-Level Materials SIN is exempt from the following clauses:
- 552.216-70 *Economic Price Adjustment - FSS Multiple Award Schedule Contracts (*(SEP 1999) (DEVIATION II JUL 2016)
- I-FSS-969 *Economic Price Adjustment - FSS Multiple Award Schedule*
- 552.238-77 *Submission and Distribution of Authorized FSS Schedule Pricelists*,
- 552.238-81 *Price Reductions*

h.) Terms and conditions that otherwise apply to the FSS contract also apply to the Order-Level Materials SIN. Examples include but are not limited to:
- Trade Agreements Act (TAA)
- Sales reporting and IFF remittance
- Environmental Attributes clauses
- AbilityOne Program Essentially the Same (ETS) compliance

i.) The Order-Level Materials SIN is subject to any transactional data reporting (TDR) requirements in effect under the FSS contract.

j.) Prices for items provided under the Order-Level Materials SIN must be inclusive of the IFF. The cumulative value of OLMs in an individual task or delivery order cannot exceed 33.33% of the total value of the order.
